

Bay Area Pet Spa and Resort

Daycare General Information and Policies

The purpose of Bay Area Pet Spa and Resort daycare center is to provide a safe, fun, and stimulating social environment for dogs during daytime business hours. To ensure the safety and health of your pet and our other guests, we require all guests to comply with the following rules and regulations:

Age: All dogs must be 10 weeks of age or older.

Sex: All dogs over the age of 7 months must be spayed or neutered. Female puppies that come into heat prior to 7 months of age must be kept out of daycare while they are in season.

Vaccinations: All dogs must be current on all vaccinations. Owners must submit proof of DA2PP (Distemper, Adenovirus (type 2), Parvovirus, Para influenza) and Bordetella vaccinations. A Rabies vaccine is required for all dogs and puppies over the age of 4 months. Proof of these vaccinations can be veterinary receipts, copies of a dog's chart, or a Rabies certificate.

Collars: For safety reasons, all dogs admitted to daycare must have a nylon, quick release collar. No buckle, leather, chain, or slip collars will be allowed. If you prefer, your "daycare collar" can be stored at daycare and only worn while your pet is here.

Health: All dogs must be in good health. Owners will certify that their dog(s) are in good health and have not been ill with a communicable condition in the last 14 days. Upon admission, all dogs must be free from any condition that could potentially jeopardize other guests. Dogs that have been ill with a communicable condition in the last 14 days will require a veterinarian certificate of health to be admitted or readmitted.

Behavior: All dogs must be non-aggressive and not food or toy protective. Owners will certify that their dog(s) have not harmed or shown any aggressive/threatening behavior towards any person or other dogs. Please remember, your pet will be spending time with other pets, and the safety and health of all animals is our main concern.

Fees: Fees are based on a pass plan. A pass is good for 6 months from the date of purchase.

Emergency Care Permission – For Daycare Participants

I/we, the undersigned, give Bay Area Pet Spa and Resort permission to take my/our pet(s) _____ to Bay Area Animal Hospital for any care/treatment necessary in the event of an emergency. Bay Area Pet Spa and Resort has my/our permission to administer any care/treatment deemed necessary.

I/we will be solely responsible for all payments, in full, incurred at Bay Area Animal Hospital. I/we also understand that severe emergencies may require treatment before I/we are contacted.

If my pet requires continued care in my absence, and my pet's veterinarian is a facility other than Bay Area Animal Hospital, at my request, arrangements can be made to transfer my pet to a facility of my choice.

Rough-Housing

In a group of dogs, there is inherent rough-housing in play. All dogs are screened for aggression, and our staff is trained to carefully watch for unacceptable behavior, but occasionally, fights can still occur. It is also possible for a puncture wound or scrapes to happen during a play session. In the event of a fight or an injury, if needed, we will see to it that your dog receives the necessary emergency care, and bill you for the fees. We will ALWAYS attempt to contact the owner or your emergency contact person before providing emergency care, as long as to do so doesn't put your pet at risk. If we are unable to reach you or your emergency contact person, we will see that your pet receives the same attention that we would provide to our own pets.
